## Verse 1:

**B** **E** **G#m**  
If I searched the heavens, all of creation  
**E**  
Could anything compare?  
**B** **E** **G#m**  
With what I've discovered, filling my vision  
**E**  
I can only stand and stare

## Pre-chorus 1:

**F#** **E** **B/D#** **F#**  
Your love reaches the heavens, fills the sky  
**G#m** **E** **F#**  
It's greater than heart and mind can grasp

## Chorus:

**E**  
Your love is amazing, God  
**G#m**  
So high, so vast  
**B** **F#**  
It reaches even me  
**E**  
Now that You've found me, Lord  
**G#m**  
My heart is Yours  
**B** **F#**  
This is where I want to be

## Verse 2:

And though I have tasted what the world offers  
It never satisfies  
But now I will be what Your love makes me  
I'm seeing with new eyes

## Pre-chorus 2:

Your love reaches the deepest part of me  
Defines who I am and what I'll be
